ADS CUSIP: 058934100
ADS ISIN: 0589341009
ADS Ticker Symbol: BBAR
Ratio (ADSs: Underlying Shares): 1:3

Banco BBVA Argentina S.A (the "Issuer") announced a dividend to its shareholders:
Local Record Date: Sept. 5, 2023
Local Payable Date: Sept. 8, 2023
Gross Rate: Argentine Pesos ("ARS") ARS 13.7098597435 per share.
Income Tax Withheld per Share: ARS 0.9596901819 per share
Net Rate: ARS 12.7501695616 per share.

The Issuer has elected to use the cash to be delivered to BNY Mellon, as depositary (the "Depositary"), to purchase Argentine Bonds (ISIN ARARGE520DT9) and transferred such Bonds to the Depositary's custodian account in Argentina on behalf of the holders of DRs.

In accordance with the Deposit Agreement between the Depositary, the Issuer and the Owners of Banco BBVA Argentina S.A ADSs, the Depositary determined that it would not be practicable or feasible to distribute the Argentine Bonds to DR holders. As a result, BNY Mellon sold the Argentine Bonds for US Dollar settlement and the proceeds received from the sale (net of taxes, fees and commissions) will be distributed to the DR holders of Banco BBVA Argentina S.A.

BNY Mellon will distribute the cash proceeds from the sale of the Argentine Bonds (and report this distribution under 1099B) as follows:

BNY Mellon collects fees from DR holders pursuant to the terms and conditions of the DRs and any deposit agreement under which they are issued. From time to time, BNY Mellon may make payments to an issuer to reimburse and/or share revenue from the fees collected from DR holders, or waive fees and expenses to an issuer for services provided, generally related to costs and expenses arising out of establishment and maintenance of the DR program. BNY Mellon may pay a rebate to brokers in connection with unsponsored DR issuances; brokers may or may not disclose or pass back some or all of such rebate to the DR investor. BNY Mellon may also use brokers, dealers or other service providers that are affiliates and that may earn or share fees and commissions.

BNY Mellon may execute DR foreign currency transactions itself or through its affiliates, or the Custodian or the underlying Company may execute foreign currency transactions and pay US dollars to BNY Mellon. In those instances where it executes DR foreign currency transactions itself or through its affiliates, BNY Mellon acts as principal counterparty and not as agent, advisor, broker or fiduciary. In such cases, BNY Mellon has no obligation to obtain the most favorable exchange rate, makes no representation that the rate is a favorable rate and will not be liable for any direct or indirect losses associated with the rate. BNY Mellon earns and retains revenue on its executed foreign currency transactions based on, among other things, the difference between the rate it assigns to the transaction and the rate that it pays and receives for purchases and sales of currencies when buying or selling foreign currency for its own account. The methodology used by BNY Mellon to determine DR conversion rates is available to registered Owners upon request or can be accessed at https://www.adrbnymellon.com/us/en/news-and-publications/dr-issuers/drs_foreign_exchange_pricing_disclosure.pdf.

In those instances where BNY Mellon's Custodian executes DR foreign currency transactions, the Custodian has no obligation to obtain the most favorable exchange rate or to ensure that the method by which the rate will be determined will be the most favorable rate, and BNY Mellon makes no representation that the rate is the most favorable rate and will not be liable for any direct or indirect losses associated with the rate. In certain instances, BNY Mellon may receive dividends and other distributions from an issuer of securities underlying DRs in U.S. dollars rather than in a foreign currency. In such cases, BNY Mellon will not engage in or be responsible for any foreign currency transactions and it makes no representation that the rate obtained by an issuer is the most favorable rate and it will not be liable for any direct or indirect losses associated with the rate.
